"De Taste That Brings You Home"

ANEM'S COMPANY LTD.

Our company began Operations in 2010 through its owners, Andy & Alana Emery, who both had prior experience in the fast food and retail food sectors. A desire to chart their own destiny led them to launch out into the local beverage sector with a range of juices and punches.

All of our products are made using fresh ingredients from our locally developed recipes. They are naturally "Trini" in culture, taste and goodness. There are no artificial flavorings in any of our products, preferring instead to rely on knowledge passed down to create healthy, natural juices and punches that taste "real" good.

The company slogan "De Taste that brings you Home!" guides our mission and vision in what we want our products to represent and where we want to be recognized in our efforts to promote healthy and fulfilling lifestyles for our citizens.

From our base in northwest Trinidad we service the whole island and actively seek new opportunities to develop and grow the experience of tasting and using our products.

Customers who purchase our products are supermarkets (chains & independents), restaurants, food establishments, primary and secondary schools, mini marts, shops, parlors and other stores throughout the country.

Some of our key account customers are TruValu, Xtra Foods, JTA, Pita Pit, Pesto Fresh stores and Ali's Pharmacy.
